Take the time to realize the good things in your life
Beware the cut of the knife

Tarnishing your soul with thoughts of sacrilege is
wrong
Beware the evil is strong
Can't you feel your heart sinking down to the ground
Every test of faith is another thorn in your crown

Everyone must live with pain that's what it's all about
Beware the coward's way out
The sorrow has led to destruction with the cut of the
knife
The splendor of death or the heartache of life
Witness the power and the glory and fall to your knees
Only your faith can set you free

Tarnishing your soul with thoughts of sacrilege is
wrong
Beware the evil is strong
Can't you feel your heart sinking down to the ground

Every test of faith is another thorn in your crown

Take of this cup and you'll feel like a new man
Stronger than ever before
Bathed in the blood of the wise and the righteous
Today is the day you're reborn

Time after time it's an uphill climb till your dying day
And you never get a chance to catch your breath
And then you find if only life could pass you by you'd
never know
The sorrow has led to destruction with the cut of the
knife

The splendor of death or the heartache of life
Witness the power and the glory and fall to your knees
Only your faith can set you free
Witness the power and the glory and fall to your knees
Only your faith can set you free
