I think I've waited long enough.
Our world was once forget-me-nots
And now I wait another year.
Now I wait another year. I need you here.
I think I've heard this one before,
But it's not you walking through my door.
And now I wait another year.
Now I wait another year. I need you here.
I need you here. I need you here. I need you here.
Don't bother it now, Let sleepers lie.
Bygones have all gone by.
Forgot what we fought for, Hard as I might,
Don't have the will to fight.
Forgive & forget Whatever was said
Because we're growing up By the hour.
I never would let It go on like it did:
All good things Have endings.
Forgive & forget Whatever was said
All good things Have endings.
Don't bother it now, Let sleepers lie.
Bygones have all gone by.
Forgot what we fought for, Hard as I might,
Don't have the will to fight.
Don't bother it now, Let sleepers lie.
Bygones have all gone by.
Forgot what we fought for, Hard as I might,
Don't have the will to fight.
