this is the closest to this friend that i've been  
i hope you find it on greener ground and bluer skies  
i hpe you don't think less of me  
if i'm cold i don't want to watch you go  
i'll cry until i can't see the whites of your eyes for two  
more years  
we'll be old enough to know better young enough to  
pretend  
this is the last of my letters...  
i hope you find my home and i hope you're the first one  
in it  
i know it won't be the same  
i'll be there if you need anything at all you wan tto be  
run around the world with me  
state your distance but it's not a million miles away  
if this is what will really make you happy...  
then i'll say that we'll be old enough to know better,  
young enough to pretend  
this is the last of my letters  
until i see you again
