I want the public to know what goes on
I mean, look at the situation be real

The names have been changed to protect the innocent
Each step is intricate, I rep magnificent
Knew this kid named Ronnie, used to make cash with
Caesar
They made a lot of money back in the 80's crack fever

Caesar was an overachiever, a kingpin and 18 and a-half
He got knocked and left Ronnie to watch the team and the stash
Plus his crib, his jewels, his whip and his girl
And Ronnie's self-interests had him livin' in a different world

He rocked Caesar's chains, he put Caesar's rings
Smokin' mad wools all day, with Caesar's change
Not to mention he pushed up on Caesar's wifey
A move like that my man, extremely sheisty

It all got back to Caesar in the bing
They found Ronnie's body in the playground by the swings
Anyone can get it, for sure it don't matter dawg
Especially when a nigga tries commitin' sabotage

There ain't nobody to trust
It's got me ready, ready, ready, ready, ready to bust
It's like sabotage, there ain't nobody to trust
It's like sabotage
It's got me ready, ready, ready, ready, ready to bust

Treachery, deception, it's best to keep a weapon
When you think that they be breddern, they underhand your plan
It's over for the cowardly, we grow more potent hourly
I'm knowin' where the power be, I'm schemin' to get even

Dissension can occur from within one's ranks

The chain can be weakened, by just one link
Pricks be galavantin' from one crew to the next
Musical click-ass niggaz catch two to the chest

My usual guess is that they chose to digress
Disillusioned by greed, causin' you to distress
Just do what's best, clean house, leave out
Them punks can't touch what they can't peep out

See I'm a raw nigga, and like my pops I'm a lawgiver
Can't throw a wrench in my game, I'm a boss figure
Take you under my wing, it don't matter God
Dead you if you try to commit, sabotage

Rise for me now, kneel for me now
Time to pass judgment, can't feel for you now
Lay in your bed, accept your fate
Try to clean it up, except you're late

From the streets to the industry, peep the chemistry
It's Gang Starr shit, makin' a livin' see
We put it on and when it's war it's war
Sabotage'll have me dumpin' the four

There ain't nobody to trust
It's like sabotage
