Come the day  
You see the sun  
Hit the arch  
A history song

If you don't know it now  
Then you will do  
If you don't know it now  
Then you will do

Shiver 'cross  
The estuary  
Sunday's lost  
In melancholy

If you don't know it now  
Then you will do  
And if you don't know it now  
Then you will do

A storm upstream's  
Far away  
The hangers-on  
Save the day

If you don't know it now  
Then you will do  
If you don't know it now  
Then you will do

And if you don't feel it now  
Then you will do  
If you don't feel it now  
Then you will do

La la la  
La la la  
La la la

...
