(Powers/Ebz)

Political piggy - we know where you live
All your money can't keep you safe
Helter skelter again and again
Sharon Tate's fetus - now it's your turn
Spill the blood - we feel no shame
We've x-ed yourselves from your world
Nothing to explain when no sense makes sense
We're Charlie's kids - there's no defense
We're Manson youth - we're on the loose
We're Manson youth - we're on the loose
Happened in California - could happen in New York
It could happen in your front yard
Nowhere to run - nowhere to hide
Rich pig - get ready to die
Look over your shoulder - you better beware
You got reason to be scared
We're Manson youth - we're everywhere
We hate what you stand for
We're Manson youth - we're everywhere
We're Manson youth - we're everywhere
Come to now - be aware
You'll realize you're safe nowhere
A lesson well learned is one well taught
The world you live in might not be the one you thought
Make everyone hate the one who's caught
Lock away the few - the killing won't stop
Remember the terror of the vreepy crawl
Remember there is no wrong
We're Manson youth - we're on the loose
We're Manson youth - we're on the loose

Do you remember that august night
You were all there rich and high
You got cause to be alarmed
We've come to do you harm
Can't you see I'm out man
Can't you see I'm out - can't you see I'm free
Can't you see I'm out man
Can't you see I'm out - can't you see I'm free
Can't you see I'm out man

Can't you see I'm out - can't you see I'm free
Political piggy - we know where you live
All your money can't keep you safe
Helter skelter again and again
Sharon Tate's fetus - now it's your turn
Spill the blood - we feel no shame
We've x-ed yourselves from your world
Nothing to explain when no sense makes sense
We're Charlie's kids - there's no defense
We're Manson youth - we're on the loose
We're Manson youth - we're on the loose
Happened in California - could happen in New York
It could happen in your front yard
Nowhere to run - nowhere to hide
Rich pig - get ready to die
Look over your shoulder - you better beware
You got reason to be scared
We're Manson youth - we're everywhere
We hate what you stand for
We're Manson youth - we're on the loose
We're Manson youth - we're on the loose
