(Powers/Ebz)

When you go to bed - I awake  
The night is mine - it's mine to rape  
I'm nocturnal - I shun the sun  
My room is black - my shades are drawn  
I don't need to eat - I never sleep  
I am the animal - I am the beast  
I am the predator  
I'm the walking dead - the one they dread  
I am the messiah - I am the ID  
I'm the late night double feature  
I'm the reptile - I am the creature  
I'm the guiding light - I am the leader

The world's hemophiliac - I am its bleeder  
I am the predator  
Trap them and kill them  
When you go to bed - I awake  
The night is mine - it's mine to rape  
I'm nocturnal - I shun the sun  
My room is black - my shades are drawn  
I don't need to eat - I never sleep  
I am the animal - I am the beast  
I am the predator
