(Ebz)

Go...

Stillborn - dead at birth

Useless - what are you worth

Nothing is what you're gonna do

Suicide is what I want from you

Die - die - die - die

Die - die - die - die

Braindead - no sign of life

Wanker - serves you right

Vacant crib remain empty

Death throes - what I wanna see

Die - die - die - die

Die - die - die - die

(Solo)

Stillborn

Stillborn

Stillborn

Yeah you're stillborn

Die - die - die - die

Die - die - die - die

Die - die - die - die

Stillborn

Die
