Better make it good  
Better make it now  
Well, baby we'll shake it hard  
Nobody has to know

Sweet Baby  
Mama's Baby  
There's only one thing that could make you my lady  
Swing low  
Down low  
Sweet chariot

If you know what I mean  
I'll say it fast  
Like you never seen

Sweet Baby  
Mama's Baby  
There's only one thing that could make you my lady  
Swing low  
Down low  
Sweet chariot

Make it uh uh good  
Make Make it Make it now  
Make it uh oh yeah

We'll keep our secret hon'  
Way down low  
Between me and you girl  
Nobody has to know

Sweet Baby  
Mama's Baby  
There's only one thing that could make you my lady  
Swing low  
Down low  
Sweet chariot
