A la lujeba (2 times)

I come from India, travelled all around the world
to get to ya
Into Romania all the ladies want to give the love
to ya
I like the Amsterdam crazy people living like in
Babylon
Let's get the party on, we'll be dancing like a
little indian

Refren:

A la lujeba (2 times)

Hey girl, tell me what you think about me
I'm hot like fire baby, I'll let you melt in me
Hey girl, tell me what you think about me
I'll be your guru baby, you'll die in ecstasy
