I'm lucky to be where I am today. Not by
myself, summer's on the way. The jobs
I'll be working, the money I'll spend, not
making a living, just making new friends.

And I'm trying my hardest to make the
most out of every minute. Not getting
any younger, getting older. It's scary.

Swept out from under your feet your
youth's gone and you wonder why...

BECAUSE TIME FLIES

How much does it cost the booze and
drugs you need. Put your life on pause.

Is it that much fun, maybe for some. I
think it's dumb to let anyone or anything
slow me down or prevent me from living
my life. Not getting younger getting
older. It's scary. Swept out from under
your feet your youth's gone and you
wonder why.

Work machine makes us old before our
time. I don't consent that's how I feel.

Because life's too short, so I do what I
can to get by. I'll decide where my time is
spent and you can bet there'll be a smile
on my face. How about yours? How
about yours
