Iâ€™m walking alone, and the streets are so wet  
Iâ€™m walking alone, and the only thing bright is the  
streetlight  
And the only thing warm is the blood in my veins  
So I think of warm days as a getaway  
Like Valentino in Blood & Sand  
Thereâ€™s a man stranded on a side of a hill  
Waiting still  
Thinking how heâ€™s like the Son of the Sheik  
Thinking how it would be  
How nothing would be finer than a new Ocean Liner  
Thinking how heâ€™s like the Son of the Sheik  
Thinking how it would be  
Nothing could be better  
Wave bye-bye  
Wave bye-bye, baby, to your burdens  
Wave bye-bye, baby, to your babies  
Nothing could be finer than to ride a new String Liner  
With fancy features  
Wave bye-bye to your burdens in the bleachers  
Wave bye-bye, baby  
You could never ask for more  
Wave bye-bye, baby, to your babies on the shore  
What a getaway  
Wave bye-bye to your babies back on the shore
