Shut the fuck up!
Shut the fuck up!
Shut the fuck up!
Shut the fuck up!
Do you really think I got nothin' better to do
Than sittin' 'round here listenin' to you
Your mouth's a gapin' anus spewing diarrhea
Spreadin' your lies like a verbal gonorrhea
Every fuckin' word you say just gets under my skin
I hear your goddamn voice and I'm feelin' needles and
pins; if your
mouth was a weapon we'd all be dead; you make me
wanna get a gun an'
fill you full of lead!!!
Ska-se! You really got a big mouth!
Ska-se! I wish you'd shut your big mouth!
Ska-se! You really got a big mouth!
Ska-se! I wish you'd shut your big mouth!
You know you're wastin' my time!
And I' losin' my mind!!!
Shut the fuck up! Flappin' your hole all day!
Shut the fuck up! Can't believe the shit you say!
Listenin' to you makes my blood run cold
If whinin' was an Olympic Sport you'd surely win a gold
Your voice it carries, can't get away from you
Shut your fuckin' mouth or I'll fill it with my shoe!
You really got a big mouth
Every word is just a turd
To fertilize why I truly despise you!!!
