"Superheroes Never Die"

Visit "[Superheroes Never Die](#)" on MotoLyrics.com

Nightcrawler and Wolverine are superheroes
Battling the brotherhood of mutants that are evil
Spiderman and Doctor Doom on the Eiffel tower
Fight for the free world with their superpowers

WHOA-HO superheroes never die
They live forever
I know it's all fantasy

Threatened by monster villains in a comic book world
Innocent civilians search for heroes
Modern kids use pop-culture make believe role models
Who get hurt but never die just like they're immortal

Chaos and terror on a rampage
Costumed vigilantes on a crusade
When they clash the earth shakes there's tidal waves
They fight for the free world with their super powers

WHOA-HO superheroes never die
They live forever
I know it's all fantasy
