Iâ€™ll be home again, one day from tomorrow
I am on my way, no more tears or sorrow
You see I had to leave that day, there was never any
way
Some things had gotten way out of hand
But now Iâ€™m coming back you see, itâ€™ll be just you
and me
Weâ€™ll make a paradise you and I

Iâ€™m coming home again
Me and you will start again
I know that weâ€™ll never end
We are so in love
Yes Iâ€™ll be home again
Me and you will start again
I know that weâ€™ll never end
We are so in love

On the phone again, to find out how youâ€™re doing
I just called to say, I am missing you and
If there was another way, I would be there yesterday
To fall asleep again in your arms
But now Iâ€™m coming back you see, itâ€™ll be just you
and me
Weâ€™ll make a paradise you and I

(CHORUS)

(INSTRUMENTAL)

Iâ€™ll be home again, one day from tomorrow

(CHORUS) x 2

I'm coming, I'm coming home
I'm coming, I'm coming home....
