Could I ask you for a favour  
I need a way into your heart  
Cause when I try to get up close and personal  
You act like you're afraid to fall in love

I don't want to be assuming, oh no  
That I am everything you want  
And if you told me what to do when you avoid me  
I am sure I could be everything you need

If I gave you my soul x 2  
Would you try to be, close to me  
If I gave you my soul x 2  
Would you fight for me, like I'm fighting for you

I'd give away all my possessions  
Just to spend my time with you  
And when you realise there's nothing I would do to  
To hurt someone as wonderful as you, now tell me

(CHORUS)

If I gave a little more, if I loved a little more  
Would you give a little more to me  
If I tried a little more, would you try a little more  
Would you give a little soul to me

(CHORUS)
