Iâ€™m gonna love you, tonite x4

I donâ€™t care if the world stops spinning it
Doesnâ€™t matter for you and me
I donâ€™t mind if you love me less just as
Long as itâ€™s only me and you

And if all the stars should fall down from the sky Iâ€™ll
be alright
Just as long as you are loving me tonite
Tonite, Iâ€™m gonna love you

I donâ€™t care if you call me up and you
Tell me that you are coming through
I donâ€™t mind if itâ€™s
Day or night just as long as itâ€™s only me and you

And if all the stars should fall down from the sky Iâ€™ll
be alright
Just as long as you are loving me tonite.

Tonite, Iâ€™m gonna love you x2
Tonite, Iâ€™m gonna hold you
Tonite, Iâ€™m gonna love you

I donâ€™t care if the world stops spinning
As long as itâ€™s only me and you and
I donâ€™t care if you call me up and you
Tell me that you are coming through

And if all of the stars should fall down from the sky
Iâ€™ll be alright for you tonite
And if all the stars should fall down from the sky Iâ€™ll
be alright
Just as long as you are loving me tonite

Tonite, Iâ€™m gonna love you, Tonite x 3
All night long, Tonite
