"Beneath The Hollow"

Visit "[Beneath The Hollow](#)" on MotoLyrics.com

Hollow lies fill weakened minds with
Hollow dreams
Weakened lives fill infamy with failed beliefs
Shattered wills fall aimlessly beneath the Hollow
Hollow words can't fill the void beneath

Within they seethe
Again they breed

So Callous

Legends swollen, Hallowed Waste is stripped away
The venom growing with lust to feed the Hollow need
Return from Ash, returning from a banished world
To savor flesh of the Hollow, and all beneath

Within they seethe
Again they breed

No Solace...
So Callous...
So Seething...
In this they Feast
