Life betrayal, a warping rage
Evil ripping caverns through your mind
Immolation, in blood you've signed your soul away
Sickening life ends but the horror has just begun

Vultures moaning a funeral dirge
Walls await to cradle you and rip your soul apart
Incessant screams echoes through the maze
Insanity approaches, imminent demise

Maze of torment
Maze of torment
Maze of torment
Maze of death

Stricken from the holy book deliverance to pain
Effigy of Jesus Christ burning in your mind
Voices cry out to bid you welcome
Locked within the dungeons of darkness, no escape

Maze of torment
Maze of torment
Maze of torment
Maze of death

Passing through corridors, embedded with
Scars of those who have gone before you
And left their marks

Warning comes, too late to save you now
Visions of suffering stab from the inside

You pray for death
Mourning does no good
As you can only die once

Souls are being raped by the maze
Lost in these halls endlessly

Maze of torment
Maze of torment
Maze of torment

Maze of death
