(Music : Rutan / Lyrics : Vincent)

Consequence ... now the panic comes
YouÃ,Â¹ve dabled in magik your fingers are burned
Lost as you run towards the light
And deep in you rheart you have nothing but fear
Your future is hanging by a strand
Your master makes his just demands
Game of lifeÃ,Â¹s price comign due
A swell of fear erupts inyou
You time is now !
Never a prayer, just silence rings
Charity works wonÃ,Â¹t change a thing
Your balance of life is on our side
ThereÃ,Â¹s never a place to hide
WhatÃ,Â¹s so real is plain in sight
Cost to play; eternal life
For when we play - we play for keeps
SatanÃ,Â¹s marks forever speak
Your time is now !
With screams you defy still silence rings
Prayers to some god wonÃ,Â¹t change a thing
Gleam in your eyes reduced to tears
And deep in your heart youÃ,Â¹ve nothing but fear
Why object to Ã,Â³rewardsÃ,Â² you know youÃ,Â¹ve
earned them
Why reject all your fantasy
You canÃ,Â¹t betray what your works have bargained
for you
No use to fear what you have in store
