Bred from the bowels
Sheep one and all
Bound by the doctrine of lies
To fucked human shit, I shout blasphemy!
As I make my way thru to
The promised land
Smell of shit is so foul
Writhe in disgust
Earth heaves and death comes to call
All the waste - Cling to your lie
You are as sand and the wind blows
My disgust - A fever
To kill a thousand more
Gene dead from birth
God's holy fuck
Canonized but of no use to me
Human shit, waste begone from my earth!!
Desolation - No life bodies littering
Beast of earth devour!
Cleanse this world for those who deserve
Burning cities, all is well

I remain in my conviction

As the waste in sewer flows thru the promised land
