I always hear her.
She always watches over me.
And I am still near her.
My angel shines her light on me.
But lately this imaginary friend of mine's been getting
company... 'cause there's a ghost in my addict,
can't make him go away.
There's a monster in my closet, he'll get me anyday.
And there's a killer in my hallway, he's gonna make
me pay.
Oh, the Devil's all around me, no one's there to hear
my prayer, hear my prayer

// Waiting for the whistle to blow.
Because me soon gonna explode.
The Devil's here by my side.
Gonna dance with him tonight //

There's a face in the mirror that does not belong to
me.
And there's man on my shoulder, that no one else can
see.
I can't get rid of my demons.
I've been down on my knees.
Oh, the devil's all around me only he can set me free,
set me free

// CHORUS //

I gotta get me some.
Somebody beat that drum.
Turn up the heat bring on a beat 'cause we're gonna
play with fire.
I gotta get me some.
Somebody beat that drum.
Turn up the heat bring on the beat I'm gonna fill my
desire.
I gotta get me some.
I'm gonna dance with the Devil.
Turn up the heat.
So let's take it up another, another level.
I gotta get me some.

Iâ€™m gonna dance with the Devil.
Beat that drum.
Turn up the heat.
So letâ€™s take it up another, another level.

// CHORUS //
By my side.
Gonna dance with him tonight...
