Alaine

This is my prayer, for you my love.

In these troubled time, there is no guarantee
You'll be coming back safe to me.

[Chorus]

So I clasp my hands and close my eyes
I'm praying to Jah you'll be alright
I pray for you, everyday I do
I get on my knees, hands to the sky
I'm praying for Jah to be your guide
I pray for you, every day I do

[Verse 1]

Jah protect him
Watch his steps and bless him
Be with him I pray
Jah surround him, may your presence be
The light to guide his way.
May the ones who try to make him fall
Stumble at his feet.
Give him strength, Oh keep him safe from harm
Keep him safe for me

[Chorus]

So I clasp my hands and close my eyes
I'm praying to Jah you'll be alright
I pray for you, everyday I do
I get on my knees, hands to the sky
I'm praying for Jah to be your guide
I pray for you, every day I do

[Verse 2]

Jah prepare him daily for the battles
That he has to face
Father spare him from the hands of evil that may cause
him pain
Give him courage in his days to stand up firmly a good
man
Give him wisdom father,

Keep him for me, keep him in your hands

[Chorus]

So I clasp my hands and close my eyes
I'm praying to Jah you'll be alright
I pray for you, everyday I do
I get on my knees, hands to the sky
I'm praying for Jah to be your guide
I pray for you, every day I do

This is my prayer for you my love
I pray, for protection
And I pray for direction
And I pray for you

[Chorus]

So I clasp my hands and close my eyes
I'm praying to Jah you'll be alright
I pray for you, everyday I do
I get on my knees, hands to the sky
I'm praying for Jah to be your guide
I pray for you, every day I do
So I clasp my hands and close my eyes
I'm praying to Jah you'll be alright
I pray for you, everyday I do
I get on my knees, hands to the sky
I'm praying for Jah to be your guide
I pray for you, every day I do

I pray I pray I pray I pray
