[Intro:]

When I close my eyes
I see you, running through my mind
I feel you,
I breathe you
Oh, how I need you

[Chorus:]

Finally we found the love of our lifetime
And I can see my whole future in your eyes
I don't believe when they say love is blind
I can see clearly baby, you and me,
We found the love of our lifetime

[Verse 1:]

Forever is not enough time to spend with you
I wanna love you longer
Cause baby with every single thing you do
I wanna love you stronger
Searching for love all my life
Now that I found you
I realize, baby with you I'm alive
So alive

[Chorus:]

Finally we found the love of our lifetime
And I can see my whole future in your eyes
I don't believe when they say love is blind
I can see clearly baby, you and me,
We found the love of our lifetime

[Verse 2:]

And it's incredible how you know me each and every
way
So unforgettable that the we feel it can never change
All that I need and adore
All I been asking, all I been longing for
This is it, I'm sure
I'm so sure

[Chorus:]

Finally we found the love of our lifetime
And I can see my whole future in your eyes
I don't believe when they say love is blind
I can see clearly baby, you and me,
We found the love of our lifetime

[Verse 3:]

A lifetime of me holding you
So close I breathe you in
My fantasy turn real and I'll be loving you until
Forever's gone away and starts over again
Our love will remain

[Chorus:]

Finally we found the love of our lifetime
And I can see my whole future in your eyes
I don't believe when they say love is blind
I can see clearly baby, you and me,
We found the love of our lifetime

[Verse 1:]

Forever is not enough time to spend with you
I wanna love you longer
Cause baby with every single thing you do
I wanna love you stronger
Searching for love all my life
Now that I found you
I realize, baby with you I'm alive
So alive

[Chorus:]

Finally we found the love of our lifetime
And I can see my whole future in your eyes
I don't believe when they say love is blind
I can see clearly baby, you and me,
We found the love of our lifetime
