[Verse 1]

T'Cha!, This feeling, this feeling ohhh
This feeling is coming over me
Can't explain the way u make ma heart beat faster
It's a disaster, all of ma self control I'm letting go ohhh

[Chorus]:

I will do anything anything only for u
Give ma life more than twice if u want me to
I will do anything, anything only for u, only for u, for u

[Verse 2]

I dream about u when I'm sleeping
Visions of you haunt me thru the day
I'm not okay until I see u, feel u, touch u, need u-
uuuuuoooo

[Chorus]

[Verse 3]

I wanna give everything that I have
All the love I give to ma man, I'm devoted he
understands,
T'cha I'm willin to sacrifice for whole love
The feelings I have here are so strong whether it is
alright
Or whether it is wrong
This feeling is coming over me
Can't explain the way u make me feel

[Chorus] X 2

For u, for u, for u, for u, feelin it
