Hey, you  
Baby come back  
I never wanted you to go nowhere  
Baby come back here  
I know you're with her  
And I am with him  
But let's forget about them  
And start all over again  
Cause me without you makes no sense  
And you don't need nobody else

Me, me, me, cud neva make it without you  
Me cuda, cuda, cuda, cuda neva make it without you

Me cuda, cuda, cuda, cuda neva make it without you  
Make it without you

You never miss di wata til di well run dry  
It's all revealed in time  
Cause baby I need  
Need you so bad  
Noway to love I'll ever have  
And I can't breathe without my heart  
That's how it feels when we're apart

Why baby I need you
