"Beat Of The Drum"

As the sun shines down on me
The landmass is approaching
Sixty brave souls out at sea
Dragon's head cuts through the ocean

To see them waving on the shore
Would fill my heart forever more

To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong

To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong

We have been away a while
I can't wait to see relations
Tell them of our tales
That were lost for generations

To see them waving on the shore
Would fill my heart forever more

To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong
To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong

I have missed the children grow
And I've missed my love's affection
Everywhere I go
I pray for their protection

To see them waving on the shore
Would fill my hear forever more

To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong

To the beat of the drum, we travel on
Courageous we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong

To the beat of the drum...
To the beat of the drum...
To the beat of the drum...
To the beat of the drum...
