(He's back)

(He's back)

I'm not asking you stay forever
A few numbers on a dial
Long enough to see the sun down
Long enough to slow it down

Take hold of your pain
Let it fly
There's no shame
Stand still
This time
Close the door
For a moment you are mine

Here in my blue chair
It's safe and warm
I'll show you where (He's back)
Here in my blue chair
Grab the velvet arms around you and surround you
You can hide in there (He's back)

Close your eyes you can be back here
Close enough for you to see
That somewhere
You want it
Take it all
I got all you ever need

Here in my blue chair
It's safe and warm
I'll show you where (He's back)
Here in my blue chair
Grab the velvet arms around you and surround you
You can hide in there (He's back)

Here in my blue chair
It's safe and warm
I'll show you where (He's back)
Here in my blue chair
Grab the velvet arms around you and surround you
You can hide in there (He's back)

(He's back)

(He's back)
