"Enjoy the Ride" Morcheeba

Verse

You shut the gates at sunset after that you can't get out.

You can see the bigger picture find out what it's all about.

Your open to the skyline you don't want to go back home.

In a garden full of angels you will never be alone.

Oh the road is long.

Stones that you are walking on, have gone

Chorus

With the moon light to guide you feel the joy of being alive.

The day that you stop running is the day that you arrive.

And the night that you got locked in was the time to decide.

Stop chasing shadows just enjoy the ride.

Verse #2

If you close the door to your house don't let anybody in.

It's a room thats full of nothing no love underneath your skin.

Your faced against the willow you can watch it fade to grey.

BUt you'll never catch the fickle words if you choose to stay.

Oh the road is long.

Stones that you are walking on, have gone

Chorus #2

With the moon light to guide you feel the joy of being alive.

The day that you stop running is the day that you arrive.

And the night that you got locked in was the time to decide.

Stop chasing shadows just enjoy the ride.
