Questions are never answered
Glances you'll always miss
Too ready to push and pamper
You just took the glory
You thought you stole my thunder
I had to snatch it back
You failed to take me under
I hit the bottom and bounced right back
Oh what can happen now
I won't cave in,
My heart will open out
With love

Caught in a struggle
Goodness, i've tried
You're such a puzzle
I guess, God bless and goodbye

This aint a proposition
Can you clear out your desk
Someone in my position
I'd rather take a risk
Oh what can happen now?
I won't cave in
My heart will open out,
With love

Caught in a struggle
Goodness, i've tried
You're such a puzzle
I guess, God bless and goodbye

In a struggle
Goodness, i've tried
You're such a puzzle
I guess, God bless and goodbye

Caught in a struggle
Goodness, i've tried
You're such a puzzle
I guess, God bless and goodbye

In a struggle
Goodness, i've tried
You're such a puzzle
I guess, God bless and goodbye

I guess, God bless ang goodbye
I guess, God bless and goodbye
I guess, God bless and Goodbye
