Once a label is on something  
It becomes an it  
Like it's no longer alive

It's like a loss of vision  
Or some dark impression  
Or a black spot on your eye

If it's up to you  
My little sweet babou  
Through the shouting and the fever  
Lick a box as queer  
Think of it my dear  
Up to the effects are dark  
To me there is no person  
Baby's got it made  
But it's not what life's about

What is imagination  
May become a fact  
If you think of it and wait  
If you want to know

I can tell you know  
Oh if you make it through somehow  
Or is it best to keep a thought to sleep  
it doesn't look very good to me from here  
Hey

Is distresseddistrust and I forget  
I don't wanna know cause I forget  
Is distresseddistrust and I forget  
I don't wanna know cause I forget  
Is distresseddistrust and I forget  
I don't wanna know cause I forget  
Is distresseddistrust and I forget  
I don't wanna know, I don't wanna know

What do, new york  
Couples fight about  
But it's gonna work it out

(Baby's got the bed sheet)  
How do  
(That was under you)  
New york  
(When your time and life expires)  
Couples Fight it out  
What these couples fight about  
(Keeps it in the closet)  
What do  
(Keeps it to herself)  
New york  
(She should throw the damn thing out)  
Couples fight about  
But their gonna work it out  
(Way should you continue)  
How do  
(To shake things off)  
New york  
(Would you write things on the wall)  
Couples fight it out  
What these couples fight about  
(It can make it hard)  
To be  
In the shadow you will see  
Or is it best to change the world you're keeping  
Dow
