Angry faces, cursing loud,  
Changing places, falling proud  
Behind the bomb, no one cares,  
Time is money  
We're taught to tear  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around  
How can we show, how to feel  
Situation ain't so real  
Chopping wood won't stop the rage  
We need targets on war we wage  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around  
It's all part of the process  
We all love looking down

All we want is some success  
But the chance is never around  
You smash they grab 'til it's gone  
Attempt to grow and fix undone  
And I am the way it's all to scale  
We're all companions on which we sail  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around  
It's all part of the process  
We all love looking down  
All we want is some success  
But the chance is never around

It's all part of the process  
We all love looking down  
All we want is some success  
But the chance
