

Morcheeba "Shallow End"

Visit "[Shallow End](#)" on MotoLyrics.com

Driving home now
We got away
Here's to our future at least
That's what they say

Pouring rain
All through my head
Makes me wonder if I'd
Be better of dead

I'm through the feeling deeply
Let's dive into the shallow end

In control now
Of my defeat
With bad mistakes that we're bound
To repeat
I'm through the feeling deeply
Let's dive into the shallow end

I'm through the feeling deeply
Let's dive into the shallow end

You know it's time to see things clearly
Let's dive into the shallow end

I'd love to drive ferrari
I'd love to have it all
I'd love to work ???
You love to see the falls
