reh
hey there
grandpa
grandpa, someone took my
my undies

who took my sirloin steak off my plate
on my dinner table and fucked it in my ass
must have been someone I hate
must have been medium
well-done on my first date
hip
ting
I spit in my spitoon and
I shoot a load of juzz
on my spoon
then I serve it to your wife and
fuck the groom hoo-heur
look what I'm doing in my room
pantyhose pornshop looking
at my liver lamb chop
sack of shit damn damn ain't no bully man
hillbilly with a big bale of
hay in my asshole today
must have been gay
ohh
got stuck for a second
I reckon
must have been plenty of time for
me to get there beckon
beckon I reckon and I shit stained shit
on my pants and I you wanna see me

whatever I said don't matter
just serve up my top
tenderloin on a platter
and if my balls got shit in em splatter me
on the side on the side of your
house don't matter me
hip too teng billy billy baa
shit my shit like a lincoln log

and if abe lincolns house was built of stone
well ill fuck your and and ill make a clone
so I can fuck it again
here willy heel ho
watch this shit like you don't what know
I don't ever look close enough to find
hoo ee hoo
whos seen me shit in my drawers
not you coz no one was there
just serve my corn hole core
splattered in my fucking face
and shave all my pubic fucking hair
watch me fight a grizzly bear
first thing I do
is rip off his pants and suck out his goo
yeah
in a beehive
wooo a beehive
get behind a wild lion
fuck his ass
show him how you're the fucking master
roll around the grass with Billy Manchoo
punch him in the face and
kick him one or two
times in the jaw
like that bitch never saw beehive
pitchfork up your ball
nobody knows how to shave a fucking beard
abe lincoln is queer
woooo
pull the fucking fire alarm
seen one dude with two arm
