Like it was wrote  
You appear in a place  
And not knowing why  
Your dreams comes true  
Fighting too much to get it [yeah]

So many walls to jump  
So many questions to answer  
So many problems without solution  
So many pain without pardon

And you understand how difficult is  
That your eternal dream comes true  
And you understand how difficult is  
That your eternal dream comes true

I'm caught in a magic spell  
In spite of the long distance between us  
Day after day  
Night after night  
My head is going on circles  
That makes impossible to me to forget

Although I am  
Who denies his help  
The image of the dark ceiling  
Makes me think in everything I've lived  
Makes me think in everything I've had  
And now I haven't got

And I feel a current through my dorsal spine  
That shakes all my being  
Like a void eating my soul  
Later I breath, keeping the air,  
Keeping the tears, keeping the screams  
I unleash it all!

And a descomunal rage invades my eyes  
Flooding them with a lake of memories  
Happens what happens, they'll always be mine  
And will be in my dreams  
Which I'll never forget and help me to keep waiting

...to keep waiting

[yeeeeah]
