I. Creation

Stirring Into Sudden Life,
Timeless Sands Of Eternity
Inanimate Speck Of Dirt,
Propelled By Hate And Animosity

Driven By Lust And Greed,
The Speck Of Dust Multiplies
Therein Lies The Key,
To Eons Of Avarice And Lies

The Dust Grew Limbs,
The Dust Grew Souls,
The Dust Grew Gods,
That Learned To Control

The Irritation Persisted,
The Gods Started Wars
And Mankind Mutated,
Into Lying Thieves And Whores

An Idea, A Theory Of Creation,
Labyrinth's Divine Revelation
Irritation Can Be Used To Create,
"I Have The Power To Animate"

II. Labyrinth

Out Of Refuse And Metal,
The Animator Takes Shape
Labyrinth Adjusts His Machine -
A Blast Of Plasma Escapes

Labyrinth - Your Great Creation,
Labyrinth - The Bringer Of Salvation
"Hail The Holy Irritator,
Worship My Animator"

I Rise From Conception,
Cognisant Of This New World
Praising My Creator,

As The Information Swirls

Creator Wonders At Creation,
Reeling From The Revelation
"The World Will Never Be The Same,
The Cybernauts Will Reign"

III. Enslavement

Animation Technique Perfected,
The Mech Race Brought To Life
Metal Slaves Unprotected;
The Newest, Lowest Form Of Life

In The Universe I Am Unmatched,
Intelligence Forged With Metal
Nothing Has Been Seen Like Me,
A Cybernaut Birthed For Battle

Labyrinth How Could You Foresake Us,
You Gave Us Life Only To Enslave Us,
What Sins Did We Commit,
For You To Curse Us Like This?

IV. Deliverance

Someone Must Step Forward,
A Savior For Our Race
I, The First, Will Step Forward,
To Offer Myself For Sacrifice

You Have No Defenses,
You Abdicated To Us
We Relieved You Of Your Senses,
No Need To Think Nor To Distrust

V. Control

I Have Assumed Control,
You Humans Are Now Our Slaves
You, Who Have Seen No Suffering,
Will Suffer From Our Rage
