it's happened once or twice
or i thought it did
im not fooling myself again
im smarter this time
but it feels different now
that's nothing new
one thing that doesn't come by suprise
are these butterflies
filling my lungs
taking my air
but ur eyes let me breathe
it could be love
lets hang aroond
moisture from above
let the rain hit the ground

you're looking better everyday (everday!)
maybe it's just me
words are harder to say (harder to say!)
mabye it's just me
just me falling in love
falling in love again
just me falling in love again

roller coasters are my greatest fear
rejection comes next
i hope it disappears
i hope for the best
take my hand
take my breath
cause eyes let me breathe
it could be love lets hang arood
moisture from above let the rain hit the ground

you're looking better everyday (everday!)
maybe it's just me
words are harder to say (harder to say!)
mabye it's just me
just me falling in love
falling in love again
just me falling in love again

roller coaster, don't let me die
don't make spin, make me spin
im gonna try
roller coaster don't kill me
don't let me win let me win im gonna try
roller coaster....

you're looking better everyday (everday!)
maybe it's just me
words are harder to say (harder to say!)
mabye it's just me
just me falling in love
falling in love again
just me falling in love again
