Around the world in seven days
Thought that I could live without you, guess that I was
wrong again
I'm talking to myself
Stranded here an empty man
Take me back I'll never let you go
Take me up, I'll never let you down
Kiss the pain and make it go away
I don't ever wanna feel like this again

Guess you've known it all along
Waiting for the day that I would write a lonely lonely
song
I'm singing to myself
Writing down my promises

Take me back I'll never let you go
Take me up, I'll never let you down
Kiss the pain and make it go away
I don't ever wanna feel like this again

I've been living in a dream where you can't wake up
Living in a world where you better not keep your
promises
Then I found you and you made me realize
You woke me up, I see you with these open eyes
My you're beautiful

I'll keep my promises
I'll fill the emptiness
I'll give you more of less than what I am

Take be back, I'll never let you go
Take me up, I'll never let you down
Kiss the pain and make it go away
I don't ever wanna feel like this again
Take me back, I'll never let you go
Take me up, I'll never let you down
Kiss the pain and make it go away
I don't ever wanna feel like this again
