Peel back your skin my whore
its only skull and blood
shallow as one can be
you cant hide your fuckin soul

Your friends will soon desert
they say it goes so fast
they lust your tragic youth
and pray for your tragic death
making you a star
support your grim disease
they tell you when to breath
snort, fuck, and eat
Dissecting your flesh
worship to the suffering
the mirror never lies
to honest for the vein

streets paved with gold
give reflection to your rotting face
you know death is lurking
waiting for its day

Swallow my dear
...suicide
don't miss a drop
no respect for fear
no respect for fear

The skeletons in the hills
that you worship,your foolish
they to will die,why should we mourn their pain
a thousand reasons why to hate them,eliminate them
fuckin tell us what U think your digging your betrayal

Dissecting your flesh
worship the suffering
the mirror never lies
to honest for the vein

streets paved with gold
give reflection to your rotting face

we know death is lurking
waiting for its day

waiting for its day
Peel back your skin my whore
its only skull and blood
shallow as one can be
you cant hide your fuckin soul

Your friends will soon desert
they say it goes so fast
they lust your tragic youth
and pray for your tragic death
making you a star
support your grim disease tell you when to breath
snort, fuck, and eat
