If you never come to me again
I've had the love of a lifetime and I've had a best friend
The hours that I've spent with you
Are the best I've ever spent
Even if you never come to me again

'Cause you are my love of a lifetime, lady
You are the best any man can do
Yeah, you are my love of a lifetime, lady
And if you never come to me again
I'll still be lovin' you, I'll still be lovin' you

And if you never sleep here in my arms again
I've had the love of a lifetime and I've had a best friend
It's not that I wouldn't mind losin' you
It's just that you taught me to win
Even if you never sleep in my arms again

'Cause you are the love of a lifetime, lady
You are the best any man can do
Yeah, you are the love of a lifetime, lady
And if you never come to me again
I'll still be lovin' you, I'll still be lovin' you
I'll be lovin' you, I'll still be lovin' you

'Cause you are my love of a lifetime, lady
You are the best any man can do
Yeah, you are my love of a lifetime, lady
And if you never come to me again
I'll still be lovin' you, I'll still be lovin' you
Yeah, you
