The whole day I think about the real freedom,  
I go some drink at the bar of the Old Tom,  
he said to me: why you look so sad,  
I ordered some tea and be totally quiet.

The clock said hello and I'm must leaving,  
i go to bellow because I'm seeing,  
my dog is gone, i call the police,  
then I go home, the wind made me freeze.

What is freedom, i lost the memory  
What is freedom, sadness has taken me  
What is liberty in my brain,  
don't remember at me, they called me vain.

But I am only thinking...

It's summer in the town, I ignore the sun,  
the peace inside my hole, I'm on the run,  
upon the bridge and I'm crossing the zebra,  
the power is on end, and I am gone too far

What is freedom, i lost the memory  
What is freedom, sadness has taken me  
What is liberty in my brain,  
don't remember at me, they called me vain.

But I am only thinking...

The freedom in myself, say that I must be brave,  
to change the world, to change myself.

Whooow

(Solo)

What is freedom, i lost the memory  
What is freedom, sadness has taken me  
What is liberty in my brain,  
don't remember at me, they called me vain.

But I am only thinking...
