Every spoken spirit form that rides the wind of time  
Joins the thoughts of chosen ones programmed by the I  
AM (AUM)

And all that join the thoughts of love Help to create the  
whole.  
Only gentleness, truth, and harmony can be the only  
goal.

MOVE ON

Flash of light, flash of hope, build your dream on  
destiny's song  
It can be done. When your truly know the mind of right  
and wrong  
So don't pretend O' fallen friend you know the way to  
go  
Or that you are so perfect like the very perfect I AM  
(AUM)

Come out of your edge city. Get off the cosmic cloud  
Humble yourselves to the greater lights that have  
always led  
The I AM's crowd

MOVE ON

You're so blind to that scar deep within your soul  
You justify your actions in your self-righteous goal

And your myth goes on and on blind to the core  
Pointing your finger to the ones you love that don't  
even  
Keep the score

Accept the fact that you are loved the Angels only tool  
Is your thought of security resting in the surgeon's  
school

Walk gently through the cosmic breeze do not bend a  
reed

Rest in Him, On Spirits child, who always knows your  
need

MOVE ON
