Energy Master — your desire is what I'm after.
I tried not to see — what You created me to be.
My heart cried — my life force seem to die.
Energy Master — your desire is what I'm after.
How long a victim — of others fallen dictums
Give me the power — to meet the designed hours
Without the vision — my soul seems to perish
Without the vision — no future goal to cherish.
Ride the wind. Ride the wind of time.
Ride the wind. Ride the wind of time
When I can't see hopes rainbow shine
I need to be walking in that cosmic time
When I can't see the Starships come in.
I need to believe my destiny will win.
Energy Master — your desire is what I'm after.
Long ago and far away — they came to teach a higher
way
Now at the end — the truth needs to ever win
Energy Master — your desire is what I'm after.
