Trapped in the world of the Supreme field
Rebellion has lessened your stay
You've got the solution of your evolution
Self-assertion has shown you the way

You live for the dollar, can't hear the true caller
And Jezebel is playing your tune
You're cold as ice, 'cause you're caught in the vice
Awaiting the howl of the moon

He's the Father of your moment
The Mother of the day
The Keeper of your secrets
And the Peace beside the bay

The ticket to the future
The eyes of each sunset
The travel-friend to Paradise
Romeo or Juliet

The smell of each new morning
The rest of a lonely night
The pillow for the leaf
The courage for the fight
yeh - yeh - yeh - yeh - yeh
Oe—oe—oe—oe

You can sing a new ode
Choose your dress for the humble code
Walk in the forest and not break a reed
To the city bring the holy seed

Running off to nowhere - you go not place to go
And everywhere you end up you act just like you know
That you got it all together, the Guru or Guress
While all along you cry inside, void of happiness
yeh - yeh - yeh - yeh - yeh

You live on your own corner, called Chateau Egoness
You won't call me elder teacher—only acquaintance
And sometimes I'm your brother, or maybe even

friend
But always on your own time, your blind mask of
convenience
yeh Â– yeh Â– yeh Â– yeh Â– yeh
yeh Â– yeh Â– yeh Â– yeh Â– yeh
