oh oh oh oh

if i gave you my love and got on bending knees
would you give me your trust and have a little faith in
me

cos i've been (?) there's a reason you're still with me
so tell me why would you question what's (?)

i would never make a promise that i know i can't keep
and i would never guarantee you a future i can't see
(no no)

believe in me that i'm here to stay
and i promise you every time i say that

i love you, i love you, i love you

cos baby my love's sincere

so listen to me loud and clear

when i tell you that you're the one

you can trust the words that you hear

cos baby my love

my love, my love (oh)

my love, my love (oh)

my love, my love (oh oh)

baby my love's sincere

girl i know they might have put you through hell but i'm
not to blame for that

and even knowing that it ain't my fault if i could i'd take
it back

to way before you ever had any doubts about what love
is all about

cos i can't change your yesterdays don't let the pain
get in the way

i would never make a promise that i know i can't keep
and i would never guarantee you a future i can't see
(no)

believe in me that i'm here to stay

and i promise you in every way

i love you, i love you, i love you

cos baby my love's sincere

so listen to me loud and clear

when i tell you that you're the one

you can trust the words that you hear

cos baby my love
my love, my love (oh)
my love, my love (oh)
my love, my love (oh oh)
baby my love's sincere

it don't matter what your conscience may say
i'm in it to win it girl i'm sticking with you all the way
and i'ma tell the whole truth and nothing else
and any words from my mouth
comes from the heart with the most sincerity

my love (oh)
my, my love (oh)
my, my love (oh)
my, my, my
my love's sincere
so listen to me loud and clear
when i tell you that you're the one
you can trust the words that you hear
cos baby my love
my love, my love (oh)
my love, my love (oh)
my love, my love (oh oh)
baby my love's sincere
