I see the swords Â– I hear the sound
Me comrades falling to the ground
WeÂ’re fighting til the very end
My mind is hell-bent on revenge

Stronger than evil Â– no longer a fool
Stronger than evil Â– too strong for you
Stronger than evil Â– soldier in command
Stronger than evil Â– more powerful than man

The power in my hand is free
Shining bright for all to see
YouÂ’re rejected all I said
But itÂ’s too late Â– youÂ’ve expired,
Now youÂ’re dead

Overloaded and loving it all
Is something I love to hate
Crushing the skulls of those who wonÂ’t
Follow Â– I can hardly wait
Revenge is mine IÂ’ll pay you back
IÂ’ll make you earn you tears
IÂ’m coming back to take whatÂ’s mine
IÂ’ll see you in 7 years

Fire waits for those who fall
And follow not the masterÂ’s call
The mark upon you forehead ticks
Beware the mark is 666
