This is finally happening,
A happening and I'm happy and
I see god and I see lights and
Now fire flies in clear blue skies
This is finally happening
A happening and I'm happy and
I see London I see France and
A gate without an entrance
I'd say uncle, sell the ranch
Buy the farm and spoil the kids
To Des Moines it is
To spoil the kids who
Lost their mother in a plane
When sky turned into skyscrapers
And fires burned and eyes were turned
And I saw god and I saw lights and
This is finally happening
A happening and I'm happy and
I see god and I see lights and
Now the fire flies in clear blue skies
This is finally happening
A happening and I'm happy and
I see London I see France and
A gate without and entrance
Mother always said to buy more flags
And to watch more tv
So we can be aware
But we've lost our mother in a plane
When sky turned into skyscrapers
And fires burned and eyes were turned
And I saw god and I saw lights
This is finally happening
A happening and I'm happy and
