(Ultimate insult)

You say
It's over
Then you come running right back to me
Put a leash around my neck why don't you babe
You got so much control of me

Summer rain
Winter pain
All this drama's kicking up a landslide
I really have nothing more to gain
No no oh oh
And what you doin to me baby I
I just can't explain
No no oh oh ooh oh

But it's the ultimate the ultimate
The ultimate insult
To me
(The ultimate insult)
Yes it's the ultimate the ultimate
The ultimate insult ooh yeah yeah yeah

You know what it takes to make me scream up in your
face and
You know what it means to cool me down like a fresh
breeze

You got you got you got you got so much control
Of me yeah

Autumn rain
Springtime pain
Oh my emotion's like a hurricane.
I have nothing more to gain
No no oh
And what you doin to me baby I just can't explain.
No no oh ooh oh

'Cause it's the ultimate, the ultimate

The ultimate insult to me
(The ultimate insult)
Yes it's the ultimate the ultimate
The ultimate insult

Up and down and up and down
Just like the motion of the ocean
You take my emotions on a ride
You take me high you make me fly
You make me wanna
Tell you good-bye

Oh oh
Oh oh
Oh oh
Oh oh
Oh oh

Season's rain
So much pain ohhh.
You boiled the blood inside my vein
I have nothing more to gain
No no no no no

But what you're doing to my heart is the ultimate insult
Singin' it's the ultimate the ultimate
The ultimate insult
It's the ultimate the ultimate
Hey yea insult
To me
