Heather has a man,
But wants another,
But he don't want her.
He's got a girl.
And that's how the story goes.
DJ wants a man.
She actually told him,
But he's got a girl,
Who he loves.
And that's how the story goes.
Abby wants a man.
Well, he's not really a man.
He thinks that she's obsessed--
Hey there's nothing wrong with a little obsession.
He should feel flattered.
Amanda wants a man.
He wants her too.
But he's got a girl
And he can't leave her.
And that's how the story goes.
Men wanted.
