You're brilliant what more can I say
Only known you for one day
Now it seems like I've found the one
To share my secrets with
Hope I'm not getting ahead of myself
Will you hold my hand
And you stare deep into my eyes
Makes my heart turn around

Could my search be over
It seems to good to be true
Finally found someone I can relate to
But I don't know how she feels

Say no don't go
Do I have a chance
By an angel I've fallen in love
Say no don't go
Do you understand
You're a wonderful lady, my Katy

What can I do with a girl like you
What can I say to bring you my way
I'm just a nobody without a past
I wanna be with you

You brought me on the dance
I couldn't say no you told me so
Then we danced together
